DETAILED ACTION

The Amendment and Remarks filed 26 September 2005 has been entered.

Allowable Subject Matter

Claims 1-9 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Re claims 1-8: The best prior art of record discloses a display unit comprising a plurality of light emitting devices, a plurality of first prisms, a plurality of second prisms embedded, at least in part, in a void formed between two of the first prisms, wherein the second prisms have a smaller refraction index than that of the first prisms. However, the prior art fails to teach or fairly suggest a display unit comprising the features of the claimed invention, wherein the light generated by the light emitting devices is extracted outside of the display unit in a direction from the light emitting devices toward the first and second prisms, as claimed in claim 1. Claims 2-8 are allowed by virtue of their dependency.

Re claim 9: The best prior art of record discloses a method of manufacturing a display unit, including the steps of forming a plurality of first prisms to cover a plurality of light emitting devices and forming a plurality of second prisms. However, the prior art fails to teach or fairly suggest a method of manufacturing a display unit including the steps of forming a prism precursor layer to form a plurality of first prisms to cover a plurality of light emitting devices which are pattern-arranged on a support substrate; pattern-forming a plurality of second prisms on a transparent substrate; and forming the

first prisms by placing the support substrate and the transparent substrate opposite so that the prism precursor layer and the second prisms are placed opposite to each other, and then pressure bonding the transparent substrate to the support substrate, and forming the first prisms in the prism precursor layer by utilizing a shape of the second prism, as claimed in claim 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
